

DRAFT DATA SHEET FOR HSSCFNQL PROJECTS UNDER AHTF 2009-2010

PERIOD CONCERNED: from January 2009 to March 31, 2010

TITLE OF PROJECT: Improvement of disintoxication services according to First Nations needs

AREA: Adaptation

NAME OF BENEFICIARY	CONTACT-PERSON	GOAL AND OBJECTIVES OF THE PROJECT	MAIN STAGES AND FORECAST OF ACTIVITIES	BUDGET ALLOCATED TO THE PROJECT
HSSCFNQL	Richard Gray Incoming NNADAP Program Officer	The purpose of this project is to provide an inventory of First Nations needs in terms of disintoxication services. Under this project, all services offered through the Québécois Network will be inventoried in order to determine gaps between current needs and those which are available for First Nations, regardless of the place of residence.	Hire one resource person for the project (salary and benefits)	Budget to be determined \$116,710.00

			Establish an inventory of disintoxication needs in the communities	
			Provide a profile and describe trajectory of disintoxication services offered in the 16 regions administered by the Québécois network in which there are First Nations communities. Provide an inventory of disintoxication protocols and assessment	
			Develop an action plan
